## **SPECIAL THANKS TO:**

*Michael A. Mantell*, former Undersecretary for the California Resources Agency. As Undersecretary in the 1990s, Mr. Mantell was a strong supporter for this General Plan, and was responsible for securing the necessary funding for the inventory and planning efforts.

*The Colorado Desert District/Sector Headquarters staff*, who provided so many years' knowledge & support

The *ABDSP Rangers*, who spent many hours (sometimes even days), to show us a more 'real-life' view of their patrol areas, enduring endless questions & curiosities.

The many *citizens* who helped shape this plan through their dedicated participation at workshops and meetings

The many contributors who worked on gathering data and writing the Resources Inventory, the foundation of the General Plan document.
